| | (CS | SE) COMPUTER SCIENCE AND ENGINEERING |
|----|------------|--|
| | - C | INSTRUCTIONS TO CANDIDATES |
| | 1. | Candidates should write their Hall Ticket Number only in the space provided at the top left hand corner of this page, on the leaflet attached to this booklet and also in the space provided on the OMR Response Sheet. BESIDES WRITING, THE CANDIDATE SHOULD ENSURE THAT THE APPROPRIATE CIRCLES PROVIDED FOR THE HALL TICKET NUMBERS ARE SHADED USING H.B. PENCIL ONLY ON THE OMR RESPONSE |
| , | - | SHEET. DO NOT WRITE HALL TICKET NUMBER ANY WHERE ELSE. |
| 1 | 2. | Immediately on opening this Question Paper Booklet, check: (a) Whether 200 multiple choice questions are printed (50 questions in Mathematics, 25 questions in Physics, 25 questions in Chemistry and 100 questions in Engineering) |
| | | (b) In case of any discrepancy immediately exchange the Question paper Booklet of same code by bringing the error to the notice of invigilator. |
| | 3. | Use of Calculators, Mathematical Tables and Log books is not permitted. |
| | 4. | Candidate must ensure that he/she has received the Correct Question Booklet, corresponding to his/her branch of Engineering. |
| | 5. | Candidate should ensure that the booklet Code and the Booklet Serial Number, as it appears on this page is entered at the appropriate place on the OMR Response Sheet by shading the appropriate circles provided therein using H.B. pencil only. Candidate should note that if they fail to enter the Booklet Serial Number and the Booklet Code on the OMR Response Sheet, their Answer Sheet will not be valued. |
| | 6. | Candidate shall shade one of the circles 1, 2, 3 or 4 corresponding question on the OMR Response Sheet using H.B. Pencil only. Candidate should note that their OMR Response Sheet will be invalidated if the circles against the question are shaded using Black / Blue ink pen / Ball pen / any other pencil other than H.B. Pencil or if more than one circle is shaded against any question. |
| • | 7. | One mark will be awarded for every correct answer. There are no negative marks. |
| 1 | 8. | The OMR Response Sheet will not be valued if the candidate : |
| 1 | | (a) Writes the Hall Ticket Number in any part of the OMR Response Sheet except in the space provided for the purpose. |
| | | (b) Writes any irrelevant matter including religious symbols, words, prayers or any communication whatsoever in any part of the OMR Response Sheet. |
| | | (c) Adopts any other malpractice. |
| | 9. | Rough work should be done only in the space provided in the Question Paper Booklet. |
| • | 10. 11. | No loose sheets or papers will be allowed in the examination hall. Timings of Test: 10.00 A.M. to 1.00 P.M. |
| | 12. | |
| | 12. | Candidate should ensure that he / she enters his / her name and appends signature on the Question paper booklet, leaflet attached to this question paper booklet and also on the OMR Response Sheet in the space provided. |
| | | Candidate should ensure that the invigilator puts his signature on this question paper booklet, leaflet attached to |
| 22 | | the question paper booklet and also on the OMR Response Sheet. |
| | 13. | Before leaving the examination hall candidate should return both the OMR Response Sheet and the leaflet attached to this question paper booklet to the invigilator. Failure to return any of the above shall be construed as malpractice in the examination. Question paper booklet may be retained by the candidate. |
| | 14. | |
| | 19. | This booklet contains a total of 32 pages including Cover page and the pages for Rough Work. |
| | | 1-A (CSE) |
| | | |
| | | |
| | | |
| | | |
| | | |

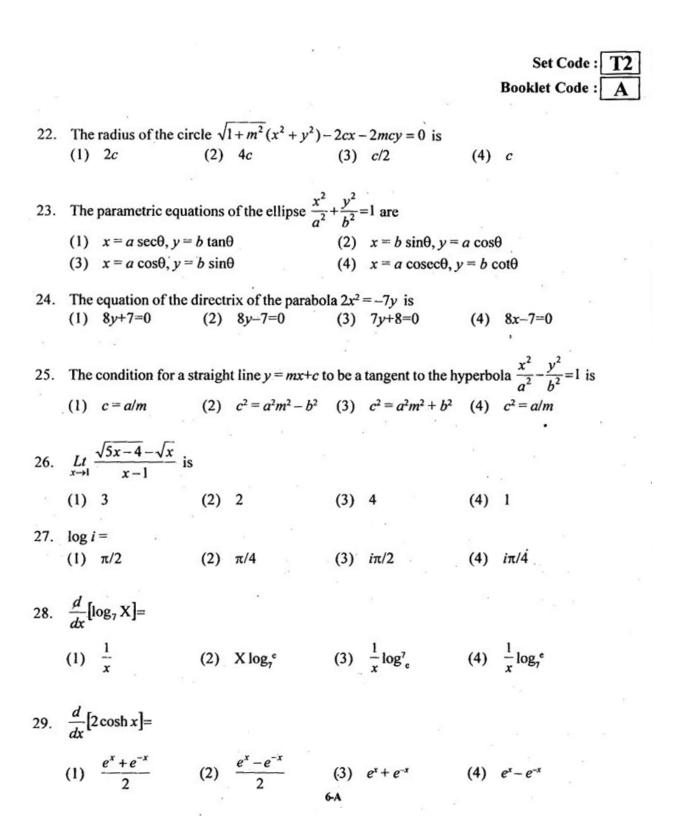

Note: (1) Answer all questions.

- (2) Each question carries 1 mark. There are no negative marks.
- (3) Answer to the questions must be entered only on OMR Response Sheet provided separately by completely shading with H.B. Pencil, only one of the circles 1, 2, 3 or 4 provided against each question, and which is most appropriate to the question.
- (4) The OMR Response Sheet will be invalidated if the circle is shaded using ink / ball pen or if more than one circle is shaded against each question.

187. Which one of the following statements is TRUE?

- (1) At once, more than two threads may possibly end up in deadlock.
- (2) The JVM implementation guarantees that multiple threads cannot enter into a deadlocked state.
- (3) Deadlocked threads release once their sleep() method's sleep duration has expired.
- (4) Deadlocking can occur only when the wait(), notify(), and notifyAll() methods are used incorrectly.
- 188. Fill up the blank with one of the following statements for the given Java code which allows Ecet class to compile:

class Navigation{

public enum Direction {North, South, East, West}

}

public class Ecet{

}

Direction d = North;

- (2) Navigation.Direction d = Navigation.Direction.North;
- (3) Direction d = Direction.North;
- Navigation.Direction d = North;
- 189. What is the output of the given Java code below?

interface TestA { String to String();}

public class Test {

public static void main (String[] args) {

System.out.println(new TestA() {

public String to String() { return "test";}

- });
- }

```
}
```

```
(1) test
```

```
(2) null
```

- (3) An exception is thrown at runtime
- (4) Compilation fails because of an error in line 1
